# LARGE MINORITY

## Who are we?

Adventure Travel: The title alone conjures up feelings of excitement and thrill. It can be best described as being pushed into the unknown and out of one's comfort zone. Large Minority is one of the largest names in the Adventure Travel business and exist to provide:

**'THE WORLD'S GREATEST ADVENTURE,  
BAR NONE.'**

Founded in 2009, the company has turned out over 27 international adventure challenges. From navigating Tuk-Tuks across Sri Lanka, India and Cambodia, racing sailboats in the Philippines to exploring the Amazon Rainforest; these are unforgettable experiences that participants couldn't replicate on their own. It's what makes Adventure Travel one of the fastest growing sectors in the tourism industry and why it's a perfect fit for that 'unreal journey' you were searching for.

These journeys are geared around cultural immersion, challenging scenarios and responsible travel as well as a huge amount of fun, resulting in genuine connections and providing authentic life-changing memories for adventure enthusiasts. We're creative purveyors of rebellious, forward-thinking travel experiences. That's it!

# INDIA ADVENTURE

## What's in store?

### INDIA ADVENTURE IS ON!

Fact: Lots of people have been to India. In fact, you can barely move for people who've been to India. It's all "India this" and "India that." And that's not a bad thing. India is amazing. Properly amazing. But, the next time someone comes up to you and starts going on about India, imagine you were able to respond with:

"Sorry, can I stop you there? I actually once drove a rickshaw about 1000 km around India on my own, so whatever you have to say about India, it better be more interesting than that. And if it isn't, well-intentioned though I'm sure you are, my suggestion is that you leave this conversation posthaste and go and have a long, hard think about how decidedly pedestrian your trip to India was compared to mine. OK?"

# FREQUENTLY ASKED questions

## HOW MANY PEOPLE PER TEAM?

A team is made up of either 2 or 3 people. Apparently there is no 'I' in it. You get one Tuk-Tuk per team.

## CAN I BOOK MY OWN ACCOMODATION?

Unfortunately, no. Only because each leg will start from the hotel / overnight stop and the idea is to share our challenging travel experience together. Most importantly you wouldn't want to miss out on each night's social gatherings...

## WHAT SHOULD I BRING ALONG?

Probably not your ski jacket. Or that set of golf clubs. India has a tropical climate, so pack accordingly. The nights can get a little chilly, depending on the time of year, so a windbreaker jacket and a few light layers wouldn't go amiss. Other than that, bring all your travel essentials, some good quality sun cream and anything you think will make the long driving days more fun (we recommend honing your I-Spy skills beforehand).

We will also be sending you a what to pack kit list.

## HOW ON EARTH DO YOU DRIVE A TUK-TUK?

Don't stress, they're very Friendly. If you can ride a scooter, you can drive a Tuk-Tuk. Besides, on the first day everyone gets mandatory Tuk-Tuk driving instruction and safety training. You'll have plenty of practice before hitting the open road.

## HOW FAST DO TUK-TUKS GO?

Whoa there, speed racer. These bad boys can't really get over 40 kph. The average speed should be around 30 kph. Fast enough to get the blood racing, but not so fast you hit a cow. That's the sweet spot.
