ukce

How to use your rider credit to enter a 2021 UKCE event

Screen one -

Select Category - Standard Entry OR U12

Select Distance - Long / Middle / Short

Select Participant - If this is your first time entering on Results Base select '[Enter new participant]'

Input Participant information.

Select Next on the right hand side.

RESULTSBASE   Home   FAQ/Info   Events/Results ⌄   For organisers   Contact   My Area ⌄   Admin   🛒

The Results Base online entry service is based on an account called a **profile**. One profile can contain several people: the profile owner and, for example, family members, friends or clubmates. The profile owner (**who should always be an adult**) does not actually have to enter the race; they could be a parent, a club organiser, a team manager or a company.

You can add additional people to your order by creating them as a **participant** during the entry process.

To start your entry select your category (Standard entry is anyone over 12), and then the event or events you would like to enter. You can select multiple events from the list and they will add to your order.

Gravel Series North Downs 17Jan Long: Test Entry   —
